

Toilet Paper Roll Jellyfish

Great for ages 4-7

There are tons of different kinds of jellies out in the world. Some are covered by beautiful spots around their bell, while others look like fried eggs! The lions mane jelly that lives off the coast of BC are huge! Their tentacles can reach over 30m in length! There are even some that spend most of their lives upside down! Look up the Australian spotted jelly, the fried egg jelly, Lion's Mane, and the upside down jelly for inspiration!

This craft is all about using our imagination to create these mystical jellyfish! Using the supplies given, have the children decorate the jellyfish as magical as possible!

Materials:

- Coffee Filters
- Googly Eyes
- Rubber bands/ Tape
- Crayons
- Markers
- Glue
- Colored Paper
- Scissors

Steps:

1. Set up materials for each participant; giving them each a toilet paper roll with the coffee filter, and any other materials needed.
2. First, decorate the coffee filter according to the design wanted.
3. Then, place the middle of the coffee filter on top of the toilet paper roll whilst placing a rubber band or tape around it in the center; bonding the two.
4. Last of all, have the children add the finishing touches to their jellyfish, like the googly eyes.
